Developer update

Hi Developers at md consultancy,

	App Status: All Apps Removed We've temporarily removed your apps from Google Play. This action doesn't affect your app's reviews or ratings, and it won't immediately impact your Google Play Developer account. You can learn more about this issue and how to fix it on Play Console. Go to Play Console
	Issue found: Disabled Google Account Our records indicate that your Google Account may have been disabled for one or more of the reasons listed here. When your Google Account is disabled, you can't sign in to Google services including the ability to access your Google Play developer account. Until your Google Account is reinstated, your apps have been removed from Google Play in accordance with the Developer Distribution Agreement. About the Section 8.3 of the Developer Distribution Agreement Pursuant to Section 8.3 of the Developer Distribution Agreement, Google Play may reject, remove, suspend, limit the visibility of apps on Google Play, or reclassify apps from Google Play or from Devices if Google becomes aware and determines that those apps violate the Developer Distribution Agreement, applicable policies, or other terms of service, as may be updated in accordance with their terms.

Submit an Appeal

If you believe that our decision is incorrect, you can submit an appeal. It may take up to 7 days to receive a response, but it occasionally takes longer.
